PLACES

Education for the Public Realm

The *Places* network of partner schools is expanding.

Places partner schools offer degree programs in urban design, architecture, landscape architecture, and planning; courses in citizen participation, public art, and the media of representation; as well as lecture series, symposia, and other special events targeting the professions and processes that create the public realm.

Check websites for application processes and deadlines.

Arizona State University, School of Architecture + Landscape Architecture

The following page provides links to all of the degree programs offered by the School of Architecture + Landscape Architecture and to the affiliated Phoenix Urban Research Laboratory.

design.asu.edu/sala

Auburn University, College of Architecture, Design, and Construction

Undergraduate degrees in architecture, interior architecture, environmental design, and building construction; graduate programs in community planning, landscape architecture, design-build, and construction.

cadc.auburn.edu

University of California, Berkeley, College of Environmental Design

A post-professional Master of Urban Design draws from the architecture, landscape architecture, and planning faculties. Doctoral and professional degree programs also allow concentration in urban design.

ced.berkeley.edu

Georgia Institute of Technology, College of Architecture

The college offers several degree programs in urban design, including a dual professional degree in architecture and city planning as well as a post-professional Master of Science.

coa.gatech.edu/ud

University of Maryland, School of Architecture, Planning and Preservation

The post-professional degree program allows students to focus their studies in urban design, one of the school's nationally recognized strengths.

arch.umd.edu

MIT, School of Architecture + Planning

The joint program in City Design and Development offers coursework for MCP, M.Arch., and S.M.Arch.S. students, including an Urban Design Certificate. The school also features a new initiative in Landscape + Urbanism.
mit.edu/dusp/cdd
mit.edu/landscapeurbanism

University of Miami, School of Architecture

The school emphasizes the role of the architect as a civic actor in the building of communities through a Master in Suburb and Town Design. The post-professional curriculum focuses on the continuum of urban and building design.

arc.miami.edu

University of Michigan, Taubman College of Architecture and Urban Planning

Professional-degree and doctoral programs in architecture and urban and regional planning. A Master of Urban Design program is open to professional-degree holders in architecture, landscape architecture, and planning.

tcaup.umich.edu

Pratt Institute School of Architecture

The post-professional Master of Architecture and Urban Design degree focuses on the design of coastal regions and on metropolitan contexts as sustainable environments.

pratt.edu/school_of_architecture

University of Washington, College of Built Environments

Our new name, effective January 1, 2009, reflects the full spectrum of degree programs we offer in architecture, construction management, landscape architecture, urban design, planning, and real estate.
